

USA - HK Exchange Program 2008 , 2009, 2010, 2011, 2012

Our school realizes the importance of widening students' horizons; therefore, part of our school's vision is to develop a global awareness among our students by helping them to better equip themselves to face the challenges of the new era.

We offer offshore learning opportunities and exchange programs. To encourage our students to explore the world with an entirely different perspective, our school holds an exchange program in the USA. Co-hosted by the English Department, Civic and Moral Education Department and Invitation Education Group, the Program is called "USA Exchange Program 2008, 2009, 2010, 2011 and 2012"

Students grabbed this invaluable chance to stay with a host family and study in Lincoln High School, Indiana 2008 and South Vermillion High School, Indiana from 2008 to 2012.

When staying in a native English speaking country, students learn how English can be used in authentic situations. Exposure is so important for gaining confidence in using English and making it their own. Apart from "East meets West" cultural sharings, in this program, students can experience the authentic and different local culture of the USA by going to an international city like Chicago, Illinois and the country life in Indiana. These experiences are likely to be some of the most educational, fun and memorable chapters in both our students and their buddies' lives.

In addition to gaining greater cultural sensitivity and an international perspective on their studies, our students return home feeling more confident and independent-qualities that stay with them throughout their personal lives, academic and professional.
